S HITLER dead or alive?

EXCLUSIVE ARTICLES IN THE STAR-GAZETTE TO REVEAL HITLER'S FATE!

Since the end of World War II, the world has wondered whether Adolf Hitler is alive or dead. Navy Captain and Judge Michael A. Musmanno of Pittsburgh, recently returned from three years in Germany, has the answer. He will reveal it in a series of articles he has written for The Elmira Sar-Gazette.

Now, for the first time, you can get the full and authentic story of just what happened in Hitler's underground bunker during the closing days of the war. As a member of the International Court for war-crime trials at Nuremberg, Judge Musmanno had the opportunity to run down every bit of evidence having to do with Hitler's disappearance.

Read this all-revealing series starting Monday in your . . .
